Kisha Martin

special guest speaker

Kisha Martin was born and raised in the City of Detroit. After suffering sexual abuse as a child, she went down a path that led to unplanned pregnancy and abortion. A post-abortive support group helped her learn that she was not being punished and she was not alone, but she had a long battle with mistrust and fear. These events led her to become a voice for the voiceless for those in the womb and for all who are suffering. She became a Sexual Risk Avoidance specialist and feels blessed that God is using someone who was broken to become an advocate for His grace and mercy. She hopes to bring a message of hope and healing to others who have experienced sexual abuse and abortion.

Light refreshments will be served.

Please Reserve My Place
