

# 248,568

## *Michiganders Missing*

**1** out of  
every **41**  
Michiganders  
was aborted in  
the 2010s.

### 2020 Census

- Michigan is missing **248,568** people who were killed in abortion facilities from 2010-2019.
- Michigan's Black population declined by 23,783 since 2010. Black women had **121,927** abortions from 2010-2019.
- Michigan is losing a congressional seat due to declining population. Michigan only needed an additional **5,692** people to keep the seat.
- The city of Detroit saw a massive loss of **74,666** people—most of that loss was due 60,051 abortions from 2010-2019.
- **50 of 83** Michigan counties lost population between the 2010 and 2020 censuses; 9 of those counties would have grown if not for abortion, including Wayne County.
