Brian Cusack

special guest speaker

When Brian Cusack graduated cum laude from Western Michigan University in 1980, with a bachelor of business administration in Marketing and General

Business, he had no idea he would devote his entire professional career to protecting the unborn child. As Director of Development for Right to Life of Michigan, he has played a key role in helping Michigan compile the very finest prolife track record in the entire country. During his tenure, the number of abortions performed in Michigan has fallen more than 46%. During our time together, Brian will share his remarkable testimony, his observations from the front line, along with casting vision for ultimate victory over abortion.
