## George Dennehy

*special guest speaker*

George Dennehy is capturing attention all over the world for his unique talents. He was born without arms—yet is living a life filled with purpose as he seemingly does the impossible on a daily basis. People are surprised by his life story, including his brush with death in a Romanian orphanage, and his adoption by his U.S. family at the age of one.

George started a musical journey by learning to play the cello at the age of eight and has since taught himself guitar, electric bass and basic piano. George gained worldwide attention after a local fan posted a video of him covering the Goo Goo Dolls song "Iris". Then an astonishing thing happened: The Goo Goo Dolls band saw the video and loved it. They invited George to join them and perform "Iris" to an enthusiastic and excited crowd of 7,000 fans at Musikfest.

George recently received a standing ovation for his first TED Talk. He has been on television and radio all over the world. George has had tens of millions of YouTube views and also has released a CD of original music titled "Have my Heart". Today George travels the world full time sharing his faith, his story and his music.
